

WATER RESOURCES

Milking R. Dairy

As part of a grant provided by the South Florida Water Management District (SFWMD) and the Florida Department of Agricultural Consumer Services (FDACS), HSA completed enhancement and modifications to the Milking R. Dairy stormwater treatment system. The existing stormwater lagoon included a chemical feed system to add metallic salts to precipitate the phosphorus contained in the lagoon to implement improvements to an existing stormwater runoff treatment system to reduce total phosphorous leaving the Milking R. Dairy.

LOCATION

Okeechobee, Florida
