**HSA Engineers & Scientists** is pleased to announce that Mike Grubowski, forensic fire investigator, has earned his Certified Fire Investigator (CFI) license. The CFI is the highest designation that a forensic fire investigator can receive in the field.

Mr. Grubowski is a CFI as well as a Florida State certified Private Investigator. He is a graduate of Seton Hall University with a Bachelor of Arts degree in Criminal Justice.

For more information, please contact Mike Grubowski at (561) 688-9008 or [mgrubowski@hsa-env.com](mailto:mgrubowski@hsa-env.com).

**HSA** provides a wide range of investigative and engineering services for the insurance industry. Our forensic fire investigators specialize in the investigation of the origin and cause of fires and explosions. We provides a range of fire investigation services for the insurance industry from large, catastrophic industrial incidents to residential, commercial, or vehicular fires. We have the ability to respond to fire scenes, determine fire causation and successfully support litigation in court. Our qualified staff of investigators are trained in a variety of engineering, technical, and scientific disciplines so that the appropriate expertise is always available.
