Quality Driven

Michael Grubowski, CFEI, has joined **HSA Engineers & Scientists** as a forensic fire investigator. Mr. Grubowski has 19 years of experience as a fire service professional, and has investigated fires in the public and private sectors. His knowledge of fire science, coupled with his forensic abilities, fit seamlessly into HSA's portfolio of professionals, giving our clients additional resources to investigate commercial, residential and vehicular fires.

Mr. Grubowski is a certified fire and explosion investigator as well as a Florida State certified Private Investigator. He is a graduate of Seton Hall University with a Bachelor of Arts degree in Criminal Justice.

For more information, please contact Mike Grubowski at (561) 688-9008 or mgrubowski@hsa-env.com.

HSA provides a wide range of investigative and engineering services for the insurance industry including subsidence investigations, indoor air quality evaluations, structural forensics, mechanical & plumbing systems investigations, electrical fires & lightning claims, vehicular accident reconstruction, biomechanical evaluations, and catastrophe response. Our staff possess substantial experience in applying scientific and engineering principles to assess a variety of situations.
