

prosperity through growth

Scott M. Eddy, P.E., is pleased to announce the merger of **S.E. Engineering & Inspections, Inc. (SEEI)** with **HSA Engineers & Scientists** headquartered in Tampa, Florida. SEEI is a well-established consulting structural and civil engineering firm located in Pensacola, Florida, providing engineering design, inspection and failure analysis services throughout the southeastern United States.

Scott M. Eddy, P.E., joins HSA, as a partner and shareholder, and will manage the HSA Pensacola office providing expanded services throughout the region.

HSA Engineers & Scientists is a driven, multi-faceted engineering and science firm that provides aggressive and effective consulting services for our clients. HSA's array of management and design services include: geotechnical, environmental, engineering design, water resource management, materials testing, drilling, geophysics, and a variety of litigation and insurance support services.
