

## PRESS RELEASE

---

### HSA Engineers & Scientists featured FES Journal contributor

#### September 2010:

HSA Engineers & Scientists is the featured contributor of the September 2010 issue of the Florida Engineering Society (FES) Journal. The FES Journal is the official monthly magazine of the Florida Engineering Society. Five of the articles published in the September issue were authored by HSA professionals in the Environmental Division and addressed due diligence in real estate transactions.

#### ABOUT HSA

With offices located throughout the southeastern United States employing over 270 professionals, HSA's array of management and design services include: geotechnical engineering, environmental engineering, engineering design, water resource management, materials testing, drilling, geophysics, construction & demolition, and a variety of litigation and insurance support services. HSA has been honored with a number of awards acknowledging their dedication and achievements in the engineering profession, and commitment to their employees and clients. Previous awards have included: the Zweig White Hot Firm listing which honors the 200 Fastest Growing Architectural, Engineering, Planning (A/E/P) & Environmental Consulting Firms and recognition as one of the Best Environmental Firms to Work For in the country by CE News.
